

# **INTEGRITY TESTING**

**As we draw to the close of the season, we can report that a total of 174 tests have been carried out, comprising of out of competition, pre and post race testing. To date, only one has proved positive - this for TCO2 levels above the threshold indicated in the BHRC rules, and relates to Lifes A Beach on 7<sup>th</sup> September 2009 at Tir Prince. An enquiry is being held on this case. The decision will be imparted when arrived at.**

**Further details of the Integrity Testing Initiative will be given in the Calendar and on the website in due course.**
