

Conditioned Feature Races

GENERAL CONDITIONS

Nomination fee Standard at **£60 PER HORSE PAYABLE AT ONLINE ENTRY STAGE** (except Dragon series and Trot Britain races)

Earnings will be as BHRC records on Monday 29th June 2020.

Only one entry per horse

Barrier position decided by lifetime earnings - lowest earnings to the inside. For horses with same lifetime earnings barrier position will be decided on earnings in last five starts (this may straddle two seasons) – lowest to the inside. If both identical draw will be made.

All races on the card will be as per conditions – BHRC National handicap system will **not** apply.

All races will feature 10 horses where possible.

9.Cambrian Series.

Multiple one-mile PFFA for Pacers all ages, all earnings, that did not qualify for the above feature races. Every horse that does not qualify for the above feature races by being in the top 10 money earner list for each feature race will be offered a run in the Cambrian series races which will be structured on a preferred handicap basis purely on lifetime earnings.

e.g. Cambrian 1 would include horses starting at £0 lifetime earnings (maidens in the main) and the "top" consolation race would be made up of the highest lifetime earning horses who did not get in to the Welsh Classic due to the fact their earnings over their last 5 runs were not high enough. 2019 entries would have yielded 13 Cambrian Series races.

Total Purse: £1100 1. £500 2. £300 3. £200 4. £100

We have examples below of how each race would have looked using the entries received for the July Classic meeting 2019. It is envisaged that the feature races would look very different if owners/trainers were aware that entry qualification was dependent on the earnings in last 5 races. This in turn will create very competitive racing prior to the Tregaron fixture to earn the right to run in the feature races.
