

## **LICENCE FEES 2021 SEASON**

Dear Licence Holders

As many of you know, the BHRC has been rigorously pursued and consequently sued by some licence holders in the last 24 months costing our insurance company huge sums of money. The result of this is that obtaining insurance this year is going to cost in the region of £35,000-£40,000. Without insurance the BHRC will not be able to operate and all the hard work of Darren Owen and the Directors both new and old will be for nothing. The Directors can see no other way forward than to considerably increase licence fee and race fees. We welcome any input or ideas from licence holders should you feel there is a better way forward.
