

## Director Standing For Re-Election

Barry Delaney

I have been a BHRC Steward (Director) since 1985 and a track steward for a couple of years before this. I stewarded mainly at York since 1982/3 onwards and for 25 years of this I was the chief steward at York. I have also raced, bred horses and stood stallions for the majority of this time.

I like to think that my experience in the sport brings value to the board and wish to continue to provide this experience.

Will Evans

## New Candidates For Director

Alan Davies

I have been in harness racing all of my life and I am very passionate about the sport. I have run a successful business for 25 years which I have now sold and retired. I think with my business acumine I will be able to put my experience towards improving the BHRC. I am very straightforward and will say what I think. I can only try and do the best I can for the sport.

Anthony Fettah

Members , I would like to put myself forward for the position of director at the forthcoming agm . My family have been involved in harness racing for decades, my passion started almost 50yrs ago as a child, and I've been going racing ever since. I've been involved in the sport as an owner, trainer and breeder, and more recently as a promoter and racing manager. I managed York raceway for 7 seasons, and staged premier meetings such as Musselburgh, Wolverhampton, Cannock, Pike hall and last season worked closely with Wales & West. I'm a businessman and have been heavily involved in business all my life, and I feel that the BHRC needs to be run as a business, where money is generated and sourced from outside the sport through grants & sponsorship, rather than license fees from members. The BHRC belongs to the members, and as I director I want to do what's right by the members. One person- one vote has the power to be a valuable tool if it's used correctly, and members are given the chance to have their say.

Transparency is key to building a strong relationship between directors & license holders and this is something I promise to provide.

Harness racing is struggling at the moment, and I want to do my best to make it great again so future generations can get the same enjoyment out of it that me and my friends and family have.

Frank Huschka

I would like to put myself forward for the position of director for the British Harness Racing club, having been proposed by Mr. Arnie Flowers, Having invested for over 40yrs in the sport, as an owner & supporter alongside running a multi-million pound

business company, i feel my wealth of knowledge financially in particular would be a huge asset to the bhrc, i would contribute to the board with a businessperson approach, helping to drive the bhrc forward to a success financially whilst re-establishing its members confidence within the bhrc club.

Garry O'Grady

I have been involved in harness racing for over 20 years and held many licences such as owner, trainer, driver, track steward, regional steward and promoter.

At this point I believe harness racing is at its lowest to my recollection and I would like to try and revive it with some new ideas to carry our sport forward. The industry in my opinion needs fresh blood and external avenues reached out to.

This is a not a sport that we want to loose but the direction needs to change in order for it to survive.

Gary Dowse

I have been involved in harness racing for over forty years. From spectator to owner, trainer, driver, breeder and more recently steward. I have also been a member of the integrity team which I feel is a vital role.

If elected i would work hard for the BHRC but also for the members. I would like to return the enjoyment back into racing. In my opinion we need more racing at a more affordable price to make racing more accessible to all members.

William (Peter) Forrester

i have been involved in the sport of harness racing for approx. 50yrs, i have held Owner's license, driver's license, in the past, I have worked in the past alongside Arthur Slack, Bill Sowerby, working with horses training & driving, What i would like to see with the sport going forward in a good relationship between the bhrc & license holders, i feel very passionate about the sport & would like to see it grow & bring it back to how i used to know it with large crowds & people talking about it & feeling exited to see the sport improving. i feel i can bring a lot of general knowledge & success to the sport, i also feel i can work alongside fellow directors as i know them all well, I will also be willing to help out in any way shape or form to see the sport i love going forward. I feel i have a positive attitude, & would like to think i am approachable by the license holders, Also i am now semi retired & i feel i can give 100% to see the sport moving forward.
